Electrosonic Delivers Quality Lamp Replacement Services to Texas Church

Electrosonic's Service Solutions team provides expert projector lamp replacement services for Second Baptist Church. Located in Houston, Texas, Second Baptist Church relies on Electrosonic to replace the lamps for projectors located across its multiple campuses.

"Managing projector lamp replacement on a large inventory of projectors on multiple campuses can be a difficult process to keep up with. The lamp replacement program from Electrosonic has greatly simplified this for us by providing straightforward pricing and ready availability. I can trust that I am getting the best service available and I look forward

to a growing relationship with Electrosonic," said James Coe, the Video Director of Second Baptist Church Houston.

Electrosonic's Service Solutions provides the center with the following services:

- Projector Lamp Replacement Program
- Guaranteed availability of replacement lamps
 - Extended lamp warranty
 - Lamp inventory management
 - 100% spent lamp recycling
